

Unfamiliar pests in the house?

A free-of-charge advice service is offered by your chemist's shop or pharmacy, together with **Neocid Expert**. They will be happy to help!

Our specialist staff will gladly establish the type of unwanted guest visiting your house, and provide you with valuable information about its life-cycle, the problems it causes and the way to it fight off. Just ask your chemist or pharmacist, who will also help you with any questions about how to use the products.
